Fisherbrand Unisex Lab Coats

- Made of 80/20 polycotton, 5 oz. performance blend fabric
- Pre-cured durable press with soil-release treatment
- One-piece, lined, notched-lapel collar
- 100% polyester-knit cuffs
- Six-snap front closure
- One outside left breast pocket, two outside lower pockets
- Side vent openings
- Length: 41.5" (105cm) based on medium size

Cat. Nos. 19-166-223 to -229 (XS to 3XL)

Fisherbrand Men's Poly/Cotton Lab Coats

- Made of 80/20 polycotton, 5 oz. performance blend fabric
- One-piece, lined, notched-lapel collar and snap-front closure
- Two outside lower pockets with one left breast pocket
- Side vent openings offer better breathability

**White: Cat. Nos. 19-166-260 to -267 (S to 5XL)
Light Blue: Cat. Nos. 19-168-868A to -F (S to 3XL)**

Fisherbrand Women's Poly/Cotton Lab Coats

- Made of 80/20 polycotton, 5 oz. performance blend fabric
- One-piece, lined, notched-lapel collar and button-front closures
- Adjustable belted back with princess seams
- Two outside lower pockets with one left breast pocket
- Two side vents

Cat. Nos. 19-168-327 (XS) and 19-166-280 to -286 (S to 4XL)

Fisherbrand Men's and Women's Lab Coats with Knit Cuffs

- White poplin-woven 80% polyester/20% cotton fabric
- Notched-lapel collar and three pockets
- Single-breasted, six stainless-steel snap front closure
- Length: 43" (109cm)

Cat. Nos. 17-987-145A to -G (XS to 3XL)

Fisherbrand Facemask with Polyfiltration Medium

- Contour bar reduces eyeglass fogging
- Three-ply; blue nonwoven synthetic fiber outer layers surround fiberglass-free polyfiltration inner layer
- Bacteria filtration exceeds 92% at 1.0 micron
- Two sets of Tyvek® ties
- Surgical style
- Case of 400

Cat. No. 01-361-92

APPAREL (CONTINUED)

Fisherbrand Polypropylene Beard Cover

- Excellent in food preparation and industries where body contaminants are a concern
- Cool, nonflammable, nonparticulating
- Comfortable elastic seams; latex-free
- Pack of 100

Cat. Nos. 19-098-917 (Regular) and -918 (XL)

Fisherbrand Latex-Free Polypropylene Bouffant Caps

- Comfortable, cool and lint-free
- Feature a synthetic, nonlatex band stitched in with soft floss for a comfortable, secure fit
- Double polybagged; flat packed for easy storage
- Pack of 100

White: Cat. Nos. 19-098-910 (18"), -913 (21"), -914 (24"), and -912 (28")

Blue: Cat. Nos. 19-098-915 (21") and -916 (24")

Fisherbrand Heavyweight Polypropylene Shoe Covers

- Constructed of strong, heavyweight blue polypropylene
- Elastic ankles
- Pack of 50 pairs per double polybag

Without Nonskid Surface: Cat. Nos. 19-098-921 and -922 (Regular and XL)

With Nonskid Surface: Cat. Nos. 19-098-923 and -924 (Regular and XL)

Fisherbrand Antistatic Polyethylene Shoe Covers

- Inherently antistatic, fluid impervious, polyethylene-based film
- Skid-resistant for added safety
- Available with seamless bottom or with elastic seamed bottom for higher skid resistance
- Case of 150

Elastic Seamed Bottom: Cat. Nos. 19-098-931 and -932 (Regular and XL)

Seamless Bottom: Cat. No. 19-098-933 (XL)

Fisherbrand Poly Boots

- Extra-heavy, calf-high clear polyethylene boots protect shoes
- Great for splash protection; ideal for blood spills or bodily fluid cleanup
- Pack of 100

Cat. No. 02-740D

CLEANROOM

Fisherbrand Polyethylene Cleanroom Tape

- Suitable for use in maintenance and clean build projects—anywhere ultraclean tape is not required
- Polyethylene backing with acrylic adhesive with low outgassing and good clean peel properties
- Processed in a controlled environment
- 36 yd. long (33m) rolls wound on a plastic core and sleeve bagged

Various sizes and colors are available, including ½" red (19-065-652), 1" clear (-656), 1½" red (-660) and 2" clear (-665).

Fisherbrand Industrial-Grade Vinyl Cleanroom Tape

- Designed for use in areas where ultraclean tape is not required
- Forms a strong bond with plastics, polymers and stainless steel without leaving adhesive residue when removed
- Can be written on with cleanroom pen
- Wound on a plastic core and sleeve bagged; all rolls are 36 yd. long (33m)

Various sizes and colors are available, including:

½" size: Cat. Nos. 19-120-3211 (Dark Blue), -3212 (Dark Green), 3214 (Lt. Green), -3217 (Red), -3218 (Clear), -3219 (Yellow)

1" size: Cat. Nos. 19-095-104 (White), 19-120-3200 (Black), -3202 (Dark Blue), -3203 (Dark Green)

1½" size: Cat. No. 19-120-3228 (Red)

2" size: Cat. No. 19-095-108 (White)

Fisherbrand Instant Sealing Sterilization Pouches

- Triple heat-processed seams provide excellent tear and puncture resistance
- Suitable for steam or EtO gas sterilization
- Indicator arrows change color when sterilization cycle is complete
- Made of paper and 2mil-thick blue transparent polyester/polypropylene laminate film; medical-grade paper side guards against puncture

Cat. No. 01-812-50 (3.5 x 5.25", Pack of 200)

Cat. No. 01-812-51 (3.5 x 9", Pack of 200)

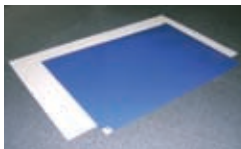

Cat. No. 01-812-54 (5.25 x 10", Pack of 200)

Cat. No. 01-812-55 (7.5 x 13", Pack of 200)

Cat. No. 01-812-57 (10 x 15", Pack of 100)

Cat. No. 01-812-58 (12 x 18", Pack of 100)

CLEANROOM (CONTINUED)

Fisherbrand Adhesive Entryway Mats

- Trap contaminating dirt, dust, and bacteria before they invade cleanrooms
- Clear 2mil thick polyethylene sheets coated with environmentally friendly waterborne acrylic adhesive and treated with antimicrobial agent
- Will not curl, tear or wrinkle
- Adhesive will not transfer to footwear
- Sheets per mat: low-tack, 40; high-tack, 30

Low-Tack:

18 x 45", case of 3: Cat. No. 19-181-506

24 x 45", case of 3: Cat. No. 19-181-507

High-Tack:

18 x 46", case of 4: Cat. No. 19-181-508

24 x 46", case of 4: Cat. No. 19-181-509

36 x 36", case of 4: Cat. No. 19-181-510

36 x 48", case of 4: Cat. No. 19-181-511

Fisherbrand Hard Surface Adhesive Mats

- For sanitary conditions in cleanrooms
- When top sheet becomes soiled, just peel it off to expose fresh, clean surface
- Reorder notification on 18th sheet
- Blue sheets on blue mat
- Thirty sheets per mat; four mats per case

Moderate Tack:

36 x 18": Cat. No. 19-181-519

46 x 18": Cat. No. 19-181-518

46 x 24": Cat. No. 19-181-520

High Tack:

36 x 18": Cat. No. 19-181-516

46 x 18": Cat. No. 19-181-517

Fisherbrand Cleanroom Swabs

- Absorbent cotton swabs in a choice of two lengths
- Nonsterile, but autoclavable
- Wooden handles
- Come 100 swabs per polybag; 10 polybags per pack

Cat. Nos. 23-400-105 (3" long) and -106 (6" long)

Fisherbrand Applicator Sticks

Sterile, 5.75" (14.6cm) long:

Plastic handle, with polyester tip, pack of 100: Cat. No. 23-400-122

Plastic handle, with cotton tip, pack of 1000: Cat. No. 23-400-109

Wooden handle, with cotton tip, pack of 100: Cat. No. 23-400-115

Wooden handle, with cotton tip, pack of 200: Cat. No. 23-400-114

Nonsterile, with wooden handles:

5.75" (14.6cm) long, plain tip, pack of 1000, Cat. No. 23-400-112

5.75" (14.6cm) long, with cotton tip, pack of 1000, Cat. No. 23-400-119

6" (15.2cm) long, with cotton tip, pack of 1000, Cat. No. 23-400-100

12" (30.5cm) long, plain tip, pack of 1000, Cat. No. 23-400-400

EYE PROTECTION

? DID YOU KNOW?

More than 2,000 people injure their eyes at work each day. About 1 in 10 injuries require one or more missed workdays to recover from. Of the total amount of work-related injuries, 10-20% will cause temporary or permanent vision loss. Experts believe that the right eye protection could have lessened the severity or even prevented 90% of eye injuries in accidents. – OSHA

Fisherbrand Racer Series Qualifier Eyewear

- Flared single-lens design provides sleek protection
- Scratch-resistant polycarbonate lenses block >99.9% of harmful UV radiation
- Wraparound design offers superior side coverage
- Lightweight frames are durable and comfortable
- A soft nose bridge and soft, bayonet-style side arms grip the face and temples lightly but firmly for a comfortable, confident fit
- Sold by the dozen

Cat. No. 19-130-2091 (coated)

Fisherbrand Chemical Splash and Impact Goggles

- Built for comfortable protection with a soft, flexible PVC body that conforms to facial contours
- Large frames fit over most prescription eyewear
- Impact goggles protect eyes from dust, mist, and other airborne particles; perforations on goggle top and sides provide direct ventilation
- Chemical-splash goggles resist a wide range of chemicals and feature indirect ventilation to direct airflow over the lens

Cat. No. 19-181-503 (impact)

Cat. No. 19-181-504 (chemical)

Safety Choice Economy Goggles

- Clear polycarbonate lens
- Soft, flexible PVC body molds to facial contours for a comfortable fit
- Adjustable headstrap ensures custom fit
- Impact goggles feature direct vents on goggle top and sides
- Chemical-splash goggles feature circular vents that allow air to flow freely through goggle body

Cat. No. 19-181-501 (impact)

Cat. No. 19-181-502 (chemical)

Fisherbrand Full- and Mid-Size Faceshields

- High-quality, optically clear, distortion-free 7mil film
- Polyester lens is treated with antifog and anti-static coating
- Headpiece is held in place by a stretch strap and includes a latex-free, hypoallergenic foam band for comfortable extended wear

Cat. Nos. 19-460-101 (Mid-size faceshield) and -102 (Full-size faceshield)

Fisherbrand Disposable Faceshield

- Constructed from high-quality, optically clear, distortion-free 7mil film
- Polyester lens is treated with anti-fog and anti-static coating
- Headpiece is held in place by a stretch strap and includes a latex-free, hypoallergenic foam band for comfortable extended wear
- Pack of 24

Cat. No. 19-181-505

EYEWASHES/SHOWERS

Fisher Safety Pressurized Eyewash with Drench Hose

- Includes 10-gal. stainless-steel tank with attached hose and twin softflow eyewash heads
- Large, stainless-steel push handle activates eyewash; flow lasts approx. 15 minutes
- Weighs 86 lb. (39kg) filled

Cat. No. 19-120-2322

Fisher Safety Gravity-Fed Eyewash Stations

- Self-contained 7-gal. eyewash with transparent tank allows you to see when it's time to clean or refill
- Activates with one quick pull of hinged black arm
- Molded handles allow easy transport of unit when empty
- Wall mount or place on countertop
- Weighs 60 lb. (27.2kg) filled
- Available with or without heater jacket to maintain water temperature at 4°C (75°F)

Cat. Nos. 19-120-2303 (w/o jacket) and -2302 (w/ jacket)

Fisher Safety Faucet-Mount Personal Eyewash

- Ideal economical eyewash for laboratory applications
- When actuator pin is in closed position, faucet can be used for normal operation
- Mounts to both standard and gooseneck faucets

Cat. No. 19-150-0470

Fisher Safety Swing-Down Eye/Facewash

- Low-profile unit with one-step activation
- Deck-mounted with locking mechanism
- Stay-open valve maintains water flow until arm is returned to upright position
- Integral flow control assures uniform flow even at varying supply pressures ranging from 30 to 90psi
- Complies with ANSI Z358.1-2004

Cat. No. 19-120-2321

Fisher Safety Deck-Mounted 90° Swivel Eyewashes

- Space-saving design available in left or right mounts
- Two outlet heads with pop-off dust covers are mounted on chrome-plated brass supply arms
- Hand operated by large, highly visible stainless-steel push handle
- Integral flow control assures safe, steady flow under water conditions from 30 to 90psi

Cat. Nos. 19-120-2308 (right-side mounted) and -2309 (left-side mounted)

Fisher Safety Handheld Drench Hose

- Single ABS plastic sprayhead provides soft spray to eyes and face
- Flow control assures 3 gpm flow at 30psi
- Chrome-plated valve remains open once handle is squeezed
- 8' long (2.4m) hose
- Complies with ANSI Z358.1-2004

Cat. Nos. 19-120-2312 (deck mount) and -2313 (wall mount)

Fisher Safety Eyewash/Drench Hose

- Space-saving design meets ANSI Z358.1-2004 requirements for both eyewash and drench hose
- Two perforated ABS plastic sprayheads gently flood eyes, face, and body
- Chrome-plated valve remains open once handle is squeezed; stays open until manually released
- 8' long (2.4m) hose

Cat. Nos. 19-120-2310 (deck mount) and -2311 (wall mount)

Fisher Safety Wall-Mounted Eye/Facewashes

- ABS plastic perforated disc sprayheads gently cleanse eyes and face
- Sprayhead assemblies include flow control and pop-off protective sprayhead dust covers
- Available with yellow impact-resistant plastic or corrosion-resistant, stainless-steel bowl
- Both models have 10" (25.4cm) bowls and exceed minimum water flow of 3 gpm (11.35L/min.) at 30psi

Cat. Nos. 19-120-2304 (stainless-steel bowl) and -2305 (ABS plastic bowl)

Fisher Safety Pedestal-Mounted Eye/Facewash

- Eye/facewash complies with ANSI Z358.1-2004 and is SEI certified
- Exceeds minimum water flow of 3 gpm (11.4L/min.) at 30psi
- Activated by highly visible yellow PVC push handle
- ABS plastic perforated disc sprayheads gently cleanse eyes and face
- Sprayhead assembly includes flow control to assure safe, steady water flow under varying water supply conditions
- Pop-off protective covers defend sprayheads against dust

Features

- Corrosion-resistant, 10" (25.4cm) stainless-steel or impact-resistant ABS plastic bowl
- ½" (1.3cm) IPS chrome-plated brass stay-open valves
- 1¼" (3.2cm) galvanized steel pipe, waste tee, and floor flange protected with yellow polyurethane coating
- Dome-type strainer and 1¼" (3.2cm) female drain fitting

Cat. Nos. 19-120-2306 (stainless-steel) and -2307 (plastic)

EYEWASHES/SHOWERS (CONTINUED)

Fisher Safety Combination Eye/Facewash and Shower Safety Station

- Space-saving station includes overhead drench shower and independently operated eye/facewash
- Complies with ANSI-Z358.1-2004

Features

- Shower features stainless-steel actuating arm and easy grab triangular handle
- Flowrate exceeds 20 gpm at 30psi
- Integral flow control assures steady flow under varying conditions
- Eye/facewash is activated by highly visible yellow PVC push handle
- Twin perforated ABS disc heads provide gentle spray to eyes and face
- Flowrate exceeds 3 gpm at 30psi
- Valves stay open until manually closed
- Both shower head and eye/facewash bowl measure 10" dia. (25.4cm) and are made from yellow ABS plastic; bowl is also available in stainless steel
- Pipe and fittings are galvanized steel protected by yellow polyurethane coating; base is aluminum

Cat. No. 19-120-2314 (without bowl)

Cat. No. 19-120-2316 (plastic bowl)

Cat. No. 19-120-2315 (stainless-steel bowl)

Cat. No. 19-120-2317 (stainless-steel bowl and drench hose)

Fisher Safety Thermostatic Mixing Valve

- Tempers eye/facewash water to prevent scalding
- Positive shutoff of hot supply when cold supply is lost; built-in cold water bypass assures cold water flow
- Supply temperature set to 85°F (29°C); adjustable setpoint range of 65° to 95°F (18° to 35°C) accurate to ±3°F
- Flowrate: 8 gpm at 30psi

Cat. No. 19-120-2318

FIRST AID KITS

Fisherbrand Unitized First Aid Kit

- Basic first aid essentials protected by a waterproof, plastic case that is designed with carrying handles for easy transport
- Case bears mounting brackets so it can be mounted where needed most
- Color-coded, sealed packets hold individual sealed single dose applications—easy to replace just the items you need
- Serves five people

Cat. No. 10-021-10

GLOVES

Fisherbrand Powdered Vinyl Exam Gloves

- Superior fit and flexibility for maximum tear resistance
- Clear, medical-grade, high elastic vinyl provides unrestricted hand movement
- Nonsterile, with smooth finish
- Lightly powdered with USP cornstarch
- Length: 9.5" (24cm)
- Thickness: 4.5mil (palm)
- Pack of 100 gloves

Cat. Nos. 19-041-189A to -E (XS to XL)

Fisherbrand Powder-Free Vinyl Exam Gloves

- Medical-grade vinyl gloves exceed FDA requirements
- With smooth finish and beaded cuffs
- Ambidextrous, nonsterile
- Length: 9.5" (24cm)
- Thickness: 4.5mil
- Pack of 100 gloves

Cat. Nos. 19-041-190A to -E (XS to XL)

Safety Choice Economical Vinyl Gloves

- White, soft modulus vinyl promotes greater comfort to user and patient
- Powdered gloves are lightly dusted with USP absorbable cornstarch for easy donning and removal
- Powder-free gloves provide low particulate and extractable levels tested in accordance with the Institute of Environmental Science
- Ambidextrous, nonsterile, beaded cuff
- Length: 9.5" (24cm)
- Thickness: 5mil
- Pack of 100 gloves

Lightly powdered: Cat. Nos. 19-121-833A to -D (S to XL)

Powder-free: Cat. Nos. 19-121-834A to -D (S to XL)

Fisherbrand Polyethylene Long Cuff Gloves

- Soft, pliable polyethylene gloves ideal for workers handling food and small parts
- Liquidproof
- Extra-long cuffs for increased protection
- Ambidextrous, single-use
- Pack of 100 gloves

Medium Weight: Cat. Nos. 19-181-531 to -533 (S to L)

Heavyweight: Cat. Nos. 19-181-534 to -536 (S to L)

GLOVES (CONTINUED)

Fisherbrand Polyethylene Elbow- and Shoulder-Length Gloves

- Two lengths provide excellent hand and arm coverage
- Made from unusually soft and pliable polyethylene
- Protect hands from exposure and the need for messy and expensive cleanups
- Thickness: 1.2mil
- Single-use
- Pack of 100 gloves

Elbow-Length: Cat. No. 19-181-537 (one size fits all)

Shoulder-Length: Cat. Nos. 19-181-538 (M) and -539 (L)

Fisherbrand Powdered and Powder-Free Latex Exam Gloves

- Puncture- and tear-resistant gloves are made of surgical-quality natural rubber latex
- Provide a watertight barrier for protection from infectious materials
- Powdered gloves are lightly dusted with USP absorbable dusting powder
- Powder-free gloves are fully textured for excellent gripping power
- Beaded cuff promotes easy donning
- Nonsterile, ambidextrous
- Length, 9.5" (24cm)
- Thickness, 6mil
- Pack of 100 gloves

Lightly powdered: Cat. Nos. 11-394-4AA to -D (XS to XL)

Powder-free: Cat. Nos. 11-394-5A to -D (S to XL)

Fisherbrand Powdered and Powder-Free Latex Medical Gloves

- Gamma-sterilized, medical-grade latex gloves suit laboratory and industrial applications
- Total extractable protein per gram: <100µg (powdered); <50µg (powder-free)
- Available with absorbent dusting powder USP or powder-free and lightly chlorinated
- Hand-specific, with beaded cuff and micro-textured surface for enhanced grip control
- Length: 11.6" (29.5cm)
- Thickness: 8.8mil
- Pack of 50 gloves

Lightly powdered: Cat. Nos. 19-020-557B to -H (Sizes 6 to 9)

Powder-free: Cat. Nos. 19-020-558B to -H (Sizes 6 to 9)

Fisherbrand Powder-Free Latex Gloves with Aloe

- Gloves are coated inside with a soothing, skin-protecting aloe vera gel
- Contain less than or equal to 50µg/g of total water-extracted protein, reducing the risk of latex allergies
- Nonsterile, ambidextrous style; fully textured
- Length: 9.5" (24cm)
- Thickness: 5-6mil
- Pack of 100 gloves

Cat. Nos. 19-050-548A to -D (S to XL)

Safety Choice Economical Powdered Latex Exam Gloves

- Minimal soluble chemical residue
- Made from high-grade natural rubber latex
- Beaded cuffs prevent rolldown
- Lightly powdered with USP-grade modified cornstarch for easier donning
- Ambidextrous, single-use
- Pack of 100 gloves

Cat. Nos. 19-058-800A to -E (XS to XL)

Safety Choice Economical Powder-Free Latex Exam Gloves

- Provide consistent high quality for outstanding barrier protection, comfort and tactile sensitivity
- Beaded cuffs provide tear resistance and ease of donning
- Lack of powder reduces drying effects on skin and powder-related transfer of latex protein
- Ambidextrous, single-use
- Pack of 100 gloves

Cat. Nos. 19-058-801A to -E (XS to XL)

Fisherbrand Powder-Free Nitrile Exam Gloves

- Exceptional durability and puncture resistance
- Softer formulation offers exceptional fit and feel
- Nonsterile, ambidextrous style with textured surface and beaded cuff
- Length: 9.5" (24cm)
- Thickness at fingertip: 5.5mil
- Pack of 100 gloves

Cat. Nos. 19-130-1597A to -F (XS to XXL)

Fisherbrand Powder-Free Nitrile Exam Gloves with Aloe

- Coated with aloe to help moisturize and soothe dry, chapped hands
- Offer superior puncture and chemical resistance
- Unique, 100% latex-free, odor-free synthetic formulation reduces hand fatigue
- Nonsterile, ambidextrous style with textured surface
- Length: 9.5" (24cm)
- Thickness: 5-6mil
- Pack of 100 gloves

Cat. Nos. 19-050-550A to -D (S to XL)

Alert: Some of these products contain natural rubber latex, a component of which may cause allergic reaction in some users. Use only as directed and in accordance with manufacturer instructions and warnings. Please consult your institution's policies regarding use of these products.

GLOVES (CONTINUED)

SORBENTS

Fisherbrand Universal General-Purpose Corncob Sorbent Sock

- Absorbs oils, water, coolants, and solvents
- Perfect moldable application for continuous maintenance leaks
- Fillers are BTU-rich for multiple disposal options
- Size: 3" x 4' (7.6 x 122cm)
- Case of 40

Cat. No. 19-052-059

Fisherbrand Universal Haz Mat Sorbent Pads

- Use to wipe up smaller chemical spills or absorb liquids on laboratory benchtops
- Suitable for use with liquids ranging from water-based fluids to aggressive acids
- Absorb up to 25 times their weight in liquid
- 12 x 12" (30.5 x 30.5cm)
- Case of 100

Cat. No. 19-051-753

Fisherbrand Universal Sorbents

Pads and Rolls

- Tough, lint-free, soft, and highly absorbent (absorb up to 20 times their weight)
- Material folds easily upon itself to form a multi-layer barrier
- Use for leaks, spills, or drips
- Can be used on mild acids and caustics
- Saturated pad can be wrung out and then reused or incinerated

Pillows and Socks

- For spill containment and control
- Casings are made of a chemical-resistant, nonwoven polyester blend (with polyester thread) that enhances absorbency (absorbs up to 14 times its weight)

Particulate

- Ideal for use on oils, acids, caustics, toxic liquids, and other chemicals
- Cleans up liquids with no film residue; provides traction on wet, oily, or icy surfaces
- Certified free of respirable silica; exceeds EPA landfill disposal requirements

Pads, 19 x 17" (22 gal. sorbing capacity per pack of 100): Cat. No. 19-034-155

Rolls, 150' x 32" (54 gal. sorbing capacity each): Cat. No. 19-034-156

Socks, 3 x 46" (14 gal. sorbing capacity per case of 12): Cat. No. 17-206-2B

Universal Pillows, 17 x 11" (15 gal. sorbing capacity per case of 12): Cat. No. 19-034-157

Particulate, 24 lb. (46 gal. sorbing capacity): Cat. No. 17-206-1B

Fisherbrand Oil-Only Pads and Booms

Pad

- Use for smaller spills on land or water, for leaks from machinery and containers, and for wiping
- Bonded every 4" (10.2cm)
- Perforated vertically to fit in tight, narrow spaces

Booms

- Surround and contain spills on water
- Designed with strategically placed hooks to create boom-chains of any length; float when fully saturated
- Contained in white fish netting sleeve for greater oil penetration and easy indication of saturation

Pads:

18 x 16", Pack of 100: Cat. No. 19-039-126

Booms:

**10' x 5", Pack of 4: Cat. No. 19-819-425;
10' x 8", Pack of 4: Cat. No. 19-819-468**

Fisherbrand Oil-Selective Sorbents

- Multilayer fine fiber polypropylene sorbents sorb up to 25 times their weight in petrochemical-based liquids
- Selectively remove hydrocarbons from water, making them ideal for oil spills
- Also suitable for sorbing a wide variety of acids and other hazardous chemicals
- Unaffected by temperature, humidity, and pest infestation, sorbents are easy to store
- Booms, pillows, socks, rolls, and pads can be cleaned and reused repeatedly

Booms:

**10' x 8" (90 gal. sorbing capacity), Pack of 4: Cat. No. 17-215-2A
10' x 5" (50 gal. sorbing capacity), Pack of 4: Cat. No. 17-215-2C**

Pillows, 25 x 14" (50 gal. sorbing capacity), Pack of 10: Cat. No. 17-215-3

Socks, 48 x 3" (18 gal. sorbing capacity), Pack of 12: Cat. No. 17-215-6A

Roll:

**144' x 38" (55 gal. sorbing capacity), Pack of 1: Cat. No. 19-034-972
144' x 38" (78 gal. sorbing capacity), Pack of 1: Cat. No. 17-215-1A**

Pads:

**18 x 16" (6 gal. sorbing capacity), Case of 25: Cat. No. 17-215B
18 x 16" (27 gal. sorbing capacity), Case of 100: Cat. No. 17-215C
18 x 16" (25 gal. sorbing capacity), Case of 200: Cat. No. 17-215D**

Particulate, 24 lb. (46 gal. sorbing capacity): Cat. No. 17-215-4
